NEW BUSINESS:

The dance we had tentatively set for 4th Saturday in April is cancelled. Instead, we will attempt a dance on the second Saturday in May. The dance on the fourth Saturday in May is on the same day as a big dance in Seattle, so finding a band will be difficult. We will plan to have two dances in June.

The stage is full of equipment and items from the school. It will need to be organized before our first dance. There are tables that must be put back after each dance. We will need a map about how the tables must be laid out.

Sound equipment: Mark has identified a set of equipment we will need in order to use the school's sound system. 5 microphones, cables and mic stands. We will also need lockable storage for the microphones. Bob will find the needed equipment. We also must meet with the school to understand how to layout the room when we are finished with each dance.

Bob moved to spend up to \$1700 on sound equipment. Kris seconded it. It passed unanimously.

Mike Meyers wants us to sponsor his events again. No decision was made, it was postponed until Larry returns in July or August and the new board is seated.

James Gregg is running for the board again. He has identified four people who are willing to manage the sound system.

As per Jacque's email, Shawnn Kahl has been hired to do sound. Shawn needs to review the sound system at the school to determine what we will need for him to do the sound.

We will send ballots after April board meeting. Candidates for the board are:

Bob Fraley
Larry Hill
Jacque Klas
Cheryl Hunter
James Gregg
David Erickson
